MESSAGE FROM **DIRECTOR (HOI)**

Amity Kochi has been training MBA graduates for the last eleven years and our graduates today occupy good positions in some of the finest companies in India, Canada and the Middle East. Many of them pursue their higher studies in Canada and it is heartening to note that all of them have high regards for the inputs they received from Amity Kochi.

What do we do here? We draw the best of faculty from diverse businesses, most of them graduates from premiere institutions in India, thereby providing opportunities to our graduates to rub shoulders with the some of the best individuals in the industry.

When I write about Amity Kochi, I ought to mention about the excellent placement responses received from India's finest companies. We have almost all the major new-generation banks coming in to our campus; we also have lot of recruiters from the financial industry including mutual funds, asset management companies, securities companies etc. FMCG and logistics are two sectors where we have focused primarily. We do have companies like ITC, Parle, Coca Cola, Amul showing interest in recruiting our students. The logistics companies in India like Rivigo, DTDC etc. are regular recruiters from our campus. Coca Cola has been recruiting our students since 2011.

We have received excellent feedback from companies who recruited our graduates. Students turn out to be enterprising in their jobs and they bring very good results for the companies who have hired them. Small percentage of our students have also ventured into entrepreneurship and Amity Kochi's diverse faculty are quite competent to advise them on how to set-up and build their businesses

However, I must reiterate what all our students say in unison - the inputs they received from the faculty, the advice they got from the team of mentors have helped them to achieve their goals.

At Amity Kochi, we continue to strive to excel. Our pedagogy is revised, case studies are updated and our faculties work tirelessly in making in synchronizing the subject of the classes with the businesses.

Overall, if you wish to have two years of great learning experience, mixed with industry practice, then you are more than welcome to Amity Kochi.

Biju Vithayathil
Director

OUTCOME BASED EDUCATION

Outcome-Based Education is a student-centric teaching and learning methodology in which the course delivery and assessment are planned to achieve stated objectives and outcomes. It is an education system built on specific outcomes, and focuses on the skill sets students need to acquire following the completion of their studies. AGBS has restructured the curriculum, pedagogy and assessment practices, to reflect the achievement of high-order learning, as opposed to a mere accumulation of course credits. Outcome Based Learning at AGBS incorporates real-world scenarios, and the knowledge, skills and attributes that students take away at the end of a program or course are more valuable than what, or how, they are taught.
